Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Example:

I am a traveler	I'm trying to book flights on my phone	but it takes a long time	because The website is not responsive and doesn't have a mobile version	which makes me feel Frustrated
---------------------------	--	------------------------------------	---	--

Customer Problem Statement Template				
1. Who Who is the customer?	2. Which Problem What problem are they facing?	3. Why is it a Problem? Why is this a problem for them?	4. What Impact Does it Have? What is the impact on the customer?	5. What are they Currently Doing? What are they doing about it today?
Working Professionals Elderly Patients	Long wait times for appointments Difficulty accessing medical records	Leads to delayed treatment Hard to track health history	Worsens health condition Increases health risks	Visiting multiple hospitals Keeping manual records
New Patients Chronic Disease Patients	Limited availability of specialists Lack of personalized health advice	Results in longer diagnosis time Generic advice may not be effective	Higher medical expenses Lower satisfaction with services	Asking friends or family for suggestions Searching online for information
Caregivers & Family Members Rural Residents	Confusing hospital processes High consultation costs	Causes stress and frustration Not affordable for everyone	Loss of productivity at work Reduced quality of life	Relying on walk-in consultations Postponing appointments due to cost

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Hospital Administrator	Monitor patient statistics	Time-consuming reports	Manual data analysis	Inefficient in decision-making
PS-2	Patient	Understand personal health risks	Difficult medical information	Lack of visual explanations	Uncertain about health decisions
